SECTION 1: In an effort to reduce the amount of information recollected annually in the paper format and to help the District keep costs down, Spring-Ford has begun to use our technology for information collection and distribution. We are asking that you login to Skyward Family Access at www.spring-ford.net and to verify information for your children: names of students, parents, emergency contacts; addresses; phone numbers; birthdates, etc. Further instructions are available online. Please **check one** of the boxes below:

- I have logged into Skyward Family Access. I have verified that the information is correct or I have submitted corrections electronically through Skyward Family Access. (If there is incorrect data that you cannot change electronically, write the information to be changed in the space below.)
- I do NOT have Internet Access. Please send me paper First Day Packet forms on which to submit information.

Use this space to clearly print requested changes that the system will not allow electronically. (Addresses MUST be changed in person at your child's school showing lease or deed/settlement papers. Sale agreements not accepted.)
